**M**rs. and Mrs. James Alston Cabell have just returned from a visit to Mrs. Cabell's sister on Long Island. Misses Ethel, Katherine and Dorothy Cabell, who have been spending the summer at the Cabell country home, "Point of Forks," off the upper James, have been guests at a series of charming house parties, at which their friends among the younger society set of Richmond girls and boys have been entertained.

Mr. and Mrs. Cabell will go to the Hot Springs and the Greenbrier White Sulphur Springs for the remaining weeks in August.

A very quiet but pretty wedding was celebrated on Tuesday at the home of the bride at Paces, Halifax county, when Miss Myrtle Boyd became the bride of Luther E. Carlton, son of Mr. and Mrs. J. W. Carlton, of Richmond.

The wedding was celebrated very quietly, owing to recent mourning in the bride's family, and only the relatives and a few intimate friends witnessed the ceremony. Mr. and Mrs. Carlton left immediately after the ceremony for Marion, S. C., where the groom is engaged in the tobacco business.

The marriage is of much interest to society in Richmond, and although celebrated very quietly is an important event in social circles of the State, where the bride and groom are widely related. Guests from Richmond present at the ceremony were Mrs. J. W. Carlton, mother of the bride.

The engagement of Mrs. Louise Fletcher Green, of Ben Vue, and Marshall L. King, of Alexandria, has been recently announced. The wedding will be celebrated some time in the month of November, and Mr. King and his bride will spend their honeymoon traveling in Europe.

**Attending House Party.**  
Miss Louise Antrim, of Charlottesville, and Miss Anne Keith Royall, of Richmond, left yesterday to join a number of Sweetbriar alumnae, who will be entertained by Miss Elsie Hirst at her country home near Leesburg. This house party will last four weeks, at the end of which time Miss Royall and Miss Antrim will be the guests of Mrs. Harry Toulmin at "Liangollen," her summer home, in Loudoun county, for ten days. The "alumnae" is one of the handsomest estates in that part of Virginia, and a number of charming house parties are entertained there every summer. Several students of the University of Virginia will also attend Mrs. Toulmin's house party.

**Returned to the City.**  
Whitford Fore, Clarence Brown and Robert Fore, have returned to their homes in this city, after spending the past ten days in Danville, where they were members of a house party given by Miss Margaret Conway at her home in that place. Some very lovely affairs were given in honor of the Fore family, and the Fore family, and several dinner parties were entertained at the country club.

**Leave for the North.**  
Mrs. L. P. Summers and her daughter, Miss Gay Summers, Miss Rose Williams, daughter of Attorney-General Williams, of Richmond; Fred Bane, of Pulaski, and Mr. Hayes, of Bristol, left Alexandria Tuesday morning for the summer's big touring car for a trip to New York. They will stop at several places of interest on their trip North, returning to Virginia next week.

Mr. and Mrs. Herbert Jackson, of West Franklin Street, left town Wednesday morning for a tour of the St. Lawrence River. They will spend several days in Montreal and Quebec and at Niagara Falls, returning by way of Lake Champlain and New York. Mr. and Mrs. Jackson will be absent from Richmond for about two weeks.

**Appreciation to Adjutant Wiggins.**  
In reply to a letter of thanks from Richmond Chapter, United Daughters of the Confederacy, acknowledging the generous kindness of Adjutant George N. Wiggins, who offered to receive free of charge, at the Salvation Army camp, any old Confederate woman needing a little fresh air treatment, Adjutant Wiggins writes for the names and addresses of Confederate women designated, so that he may arrange for their reception at the Salvation Army Home. The president of Richmond Chapter, Mrs. N. Y. Randolph, and her committee are most appreciative of the desire of Adjutant Wiggins to remember a class of women whose claims upon remembrance are so deserving.

**Back From Europe.**  
Mr. and Mrs. Benjamin B. Valentine arrived in New York yesterday by the White Star liner Adriatic, and reached Richmond last night. Mr. and Mrs. Valentine have been in Europe since January of last winter, where Mr. Valentine has been on business.

**Bell-Dunlap.**  
The marriage of Miss Lelia Dunlap, of Richmond, and Hansford H. Bell, of Raphine, took place yesterday morning at 11 o'clock at the residence of Mrs. M. D. Gilliam, 10 West Cary Street, Dr. Stewart performing the ceremony. Owing to the illness of the groom's father, the wedding was a very quiet one, and no invitations were issued. After a brief stay at the Atlantic City, Mr. and Mrs. Bell will make their home in Raphine.

**Invitations Received Here.**  
Mr. and Mrs. George Kimbrough Anderson have issued invitations for the marriage of their daughter, Ella Archer, to James Lemuel Willis West, the ceremony to take place on Wednesday evening August 23, at 9 o'clock in the Christian Church at Clifton Forge. A number of Richmond people will go to Clifton Forge to attend the wedding.

**Young Thieves Confess.**  
(Special to The Times-Dispatch.)  
Fredericksburg, Va., August 3.—For some time past petty thieves have been committing a number of thefts here, and finally the officers have cornered three negro boys, who have confessed to having entered residences and stolen articles. The articles taken have not been removed yet, and the boys are principally articles to eat and some few household goods, the sale of which led to their detection. They are now in jail, awaiting trial.

Also Says: "I Believe Cuticura Soap Is the Best Soap Made."

"Some time ago I was coming up some steps when the board crashed under me like an egg shell, and my right limb went through to the knee, and scraped the flesh off the bone just inside and below the knee. I neglected it for a day or two, then it began to hurt like a hot iron, and I put Cuticura ointment on it to draw out the poison, but when I had used it a week, it hurt so badly that I changed to Cuticura Soap. That made it smart and burn so badly that I couldn't use it any more, and that was the fourth week after I was hurt."

"The first I began to use Cuticura Ointment for the sore. It stopped hurting immediately and began healing right away. It was a bad-looking sore before Cuticura Ointment healed it, and I suffered so I couldn't sleep from two days after I fell until I began using Cuticura Ointment."

"Cuticura Soap is the best soap I ever saw. I have used all kinds of soap for washing my face, and always it would leave my face smarting, and I do not have to use any lotion or anything else to ease it. I believe Cuticura Soap is the best soap made." (Signed) Mrs. M. E. Fairchild, 305 Lafayette St., Wichita, Kan., May 5, 1911.

"Cuticura Soap and Ointment are for sale throughout the world, but to those who have suffered much, look hope and life with out faith in any treatment, a liberal sample of each together with 32-p. Booklet will be mailed free, on application. Address: Potter & Chem. Corp., Dept. 22A, Boston."

**"PEEPING TOM" HIT  
BY SHOT INTO TREE**

(Special to The Times-Dispatch.)  
Fredericksburg, Va., August 3.—Excitement has been caused recently by the appearance of strange men on private premises here at night. Recently a man entered the dormitory of the college, where a number of teachers attending the Summer Institute, were lodging, but was scared away. Tuesday night the family of E. C. Nide heard some one in the backyard. Last night a watch was kept. About 10 o'clock voices were heard in a tree near the house and an officer was phoned for. The officer, Mr. Dr. A. C. Doggett, when he was proceeding to the house, Dr. Doggett got his Winchester rifle and accompanied the officer. An examination was made, but no one could be seen in the tree, but to make sure several shots were fired by Dr. Doggett at the request of the officer. One of the shots took effect in the man's back, and he finally came down. He is now awaiting trial. It is believed that another man was with Green, but got away, as two voices were heard in the tree just before the officer fired. Every effort will be made to apprehend the other man. The tree is opposite the sleeping apartment, and below of the young women of the house.

**INSTITUTE AGAIN  
IN HIGHEST PRIZE**

Virginia's Famous Military  
School Receives Praise From  
Inspecting Officer.

"Listed next to West Point in military efficiency" is the report once more made by the United States Army officer who conducted this year's inspection of the Virginia Military Institute. The report of Captain B. T. Simmons, of the general staff, the inspecting officer, has just been issued. "Class A, distinguished," says Captain Simmons of the famous school. He states that the institute is essentially military, with a high degree of importance attached to military instruction by the faculty, the cadets being required to be constantly in uniform. The military spirit, he finds, is excellent, as is the zeal with which military duty is performed. The training, he says, is fully sufficient to qualify the average graduate for a commission as a lieutenant of volunteers.

The general appearance at inspection, continues Captain Simmons, was excellent, and the "cadets themselves are neat, intelligent, soldierly in bearing and impressed me very favorably."

**Unusual Condition.**  
The report is especially gratifying to Superintendent W. W. Nichols, Commandant S. R. Gleaves and the members of the board of visitors, especially in view of the fact that the number at this year's inspection was unusually small, due to the dismissal of practically entire class. It is stated that "circumstances will still be sufficient to fill the barracks to capacity. Details of the inspection are as follows:

"I inspected 199 cadets, organized as a battalion of four companies. The band is composed of civilians. The march in review was quick time was excellent; in double time, very good. The clothing and rifles were in excellent condition."

"The cadets are well set up, and are military in appearance and conduct. During my two days' stay at the institute, I saw no fault with any part of a cadet to properly salute an officer."

"Sentinels walk post day and night. Those inspected were very well instructed."

"The dining hall, kitchen, etc., were in very good condition."

"Signaling with buzzer, flag and heliograph, excellent."

"Battalion and company close and extended order drills, bayonet exercises, rifle drill, squad drills by non-commissioned officers, guard duty, battalion parade and pitching wall and shelter tents, excellent."

"Advance and rear guard duty and patrolling are understood."

"Litter drill and first aid to the injured, excellent."

"The field exercise, involving defense of a position covering a defile, advance guard, outposts, patrolling, forcing a defile, attack of position and practical work by signal detachment was had. The work of the cadets in these exercises was very good. Correct written reports were sent in by the patrols. Messages were sent by the buzzer and telephone. Excellent position and road sketches and road reports were made by cadets. These sketches were later traced for blue printing."

"All cadets have had gallery practice and range practice at 200 yards."

**DISAGREES ON SUBJECT  
OF STATE'S TEXT BOOKS**

(Special to The Times-Dispatch.)  
Richmond, N. C., August 3.—The State Text Book Commission this afternoon met to consider the subject of the proposed adoption of text books, and to-night received reports of the sub-commission on the examination of the sub-commissioners have made. The sub-commissioners have made the other four sub-commissions. The sub-commissioners of the sub-commissioners materially complicates the situation and throws the responsibility for actual adoption more largely on the State officers constituting the commission proper.

**FARMERS GATHER  
AT KEYSVILLE**

Their Annual Festival Is Attended  
by About 1,500  
People.

(Special to The Times-Dispatch.)  
Keysville, Va., August 3.—The annual "farmers' day" was held in Keysville today, there being about 1,500 people present. Hon. T. O. Sandy, of Burkeville, spoke to the farmers in the Town Hall along agricultural lines, urging corn and alfalfa crops for Virginia farms and a general rotation of crops under scientific lines as the salvation of lands and prosperity of farmers. Hon. Berkeley D. Adams spoke for the good roads and good school cause. Numerous candidates for almost all of the offices in the county were present, grasping the hands of their friends and endeavoring to attract new ones by their genial smile and affable manner.

Prizes were awarded to S. G. Mosely, for the finest team; Miss Pearl Dunnivant, the prettiest girl; Mr. and Mrs. L. G. LeGrande, the handsomest couple, and Mrs. Eggleston, for the finest baby.

The people generally seemed to have a great good time and the crowd being admirably. A big dinner and games for the amusement of the crowd were plentifully provided by the people, and "farmers' day" has become a festival day, looked forward to with pleasure by all.

Light local showers fell during the day, which was a source of pleasure, as the general dry weather has been almost continuous for three months, and many people who always have raised more vegetables than they could use or sell are buying everything of this kind.

**REGIMENT WORKS HARD**

Each Day Shows Greater Improvement—Major Slaughter  
Announces Staff.

(Special to The Times-Dispatch.)  
Camp Sale, Culpeper, Va., August 3.—Company and battalion in extended order, and battalion in advance guard, were the exercises scheduled for the Second Regiment in the forenoon today; regiment in close order for the afternoon.

The regiment is working faithfully, and great improvement in drill is manifest to all. Colonel Leedy is justly proud of the company.

The parade and guard mount in the afternoon are better each day, and each is witnessed by hundreds of the townspeople.

In obedience to orders from the Adjutant-General of Virginia, an election for captain of Company B, Culpeper Minutemen, was held today, to fill the vacancy caused by the promotion of Major Slaughter. The election resulted in the promotion of First Lieutenant C. E. Kiloby to captain; Second Lieutenant W. S. Whitmore to first lieutenant, and First Sergeant Lewis G. Hawley to second lieutenant.

Captain R. S. Knox, United States Army, bade farewell to his numerous friends in camp to-day, and proceeded to White Plains, N. Y., where he is to instruct the National Guard of New York, in camp at that place. Every officer who met in going the rounds of camp greets you with some expression of regret at Captain Knox's leaving, and it appears to an outsider that the authorities might have let him continue during the entire camp.

The enlisted men's races to-morrow are the subject of much excitement. General Vaughan and his staff have offered prizes for each event, and there is great competition among the various companies.

**Staff Announced.**  
Major Slaughter announced the following as his staff: Adjutant, Lieut. J. P. Ast, Company A, to be commissary and quartermaster-sergeant, Major John K. Kerick, Jr., battalion sergeant, Major Alexander Bowman. These promotions were made in accordance with the length of service, and each of those named is receiving the commendation of his friends.

Colonel Leedy tendered the position of regimental sergeant-major, made vacant by promotion of his present regimental sergeant-major, to Sergeant J. F. Shell, of Company B.

To-day being the thirty-fifth birthday of Major Benjamin Harrison, of the Second Battalion, he was presented with a very handsome wrist watch by his brother officers. Colonel Leedy made the presentation speech in his usual happy style, which was responded to in a fitting manner by Major Harrison.

**APPLE SHIPPERS  
USE BIG BARRELS**

Growers' Rights and Virginia  
Law Recounted by Secretary  
Whately.

Urging uniform packages for all fruits in Virginia, Secretary Walter Whately, of the Virginia State Horticultural Society, has issued a statement of the law on the subject, and is advising growers of their rights. Mr. Whately finds that barrels of different sizes have been and are being furnished to growers in Virginia, it which to pack their apples (usually by the bushel). These different sizes of barrels are almost invariably larger than the dimensions specified as a legal standard by the Legislature of this State. The point is that when the shipper puts more apples in a barrel than required by the legal measure he loses just so much of the cost of the barrel.

The law on the subject (section 1913a, Pollard's Code) is as follows: "A barrel for use in packing, selling or shipping apples shall be of the following dimensions: Head diameter, seventeen and one-half inches; length of staves, twenty-seven and one-half inches; bulge, not less than sixty-four inches. Every person buying or selling apples in the State by this barrel shall be understood as referring to quantity or size of barrel herein specified."

In Legal Standard.  
Mr. Whately discusses the matter as follows:

"There is, of course, nothing to prevent our growers from selling in a larger barrel than that specified by our Legislature; they can even use tobacco hogshead if they so agree. But it is evidently against their interest to do so."

"What I desire to emphasize is that the dimensions specified by our law (which contains exactly the same standard as the New York State standard) is the same as ours, except that their staves is twenty-eight and one-half inches instead of twenty-seven and one-half (as ours), and it holds half a peck more apples, or a loss to our growers of one barrel in twenty-six, if they use them. Another State has a barrel with a larger bulge, as well as a longer stave, and it holds one peck more apples, a loss of one barrel in every thirteen packed, to our growers. This barrel has been furnished by the buyers when purchasing with the terms, 'Buyer to furnish barrels and pack them.'"

"It would be best if a uniform standard was established for all States, and

efforts are being made in that direction.  
As an example of our standard being all right in practice, I quote a few examples of sales I remember to have taken place in this county last year:

"One well-known Chicago buyer bought and shipped to Chicago over 8,000 barrels of our standard dimensions without complaint. A large buyer from New York State bought several thousands of our standard barrels, packed and shipped them to New York without complaint."

"The policy of the Virginia State Horticultural Society has long been for establishing uniform packages for fruits in Virginia, and we desire now to emphasize this and inform our growers of their rights under our laws."

**"DRYS" WILL HAVE  
THEIR OWN TICKET**

Decide Not to Support Regular  
Nominees of Democratic  
Party.

(Special to The Times-Dispatch.)  
Staunton, Va., August 3.—At an informal conference last night of a number of the "dry" leaders in the recent local option election they burned their political bridges behind them and decided to put a full legislative ticket in the field in opposition to the ticket that will be nominated at the Democratic primary on September 7.

They announce their reason for doing this that the "wet" Democrats, many of whom, they say, knifed Governor Mann and voted and shouted for Kent in the gubernatorial election, combined with the "wet" Republicans under the leadership of the United States Senator, who leads one faction of the Republican party, and carried the "wet" against the protests of the people of the county of Augusta, whose county seat is Staunton, and who were pleased with conditions here under local option. The "dry" leaders claim that they have heretofore supported the "wet" party, and now they feel that they have found their representation in the liquor interests. They now expect the regular Democrat with the liquor interests, which have been successful in Staunton, to be successful in the county, and that candidates hereafter must openly for or against the liquor interest.

The county people are very much stirred
